## SEA-Tech Newsletter for March 2011

### SEA-Tech Achieve New C.E. Approvals.

SEA-Tech have been providing high quality soil nail consumables to highway and rail industries for many years, working throughout Europe our products have given contractors the solution to efficient and effective applications. Governed by Lloyds UKAS ISO9000 quality procedures, our products have now been awarded European C.E. approval, ensuring our commitment to the highest quality standards and providing designers and users with a guaranteed product that is fit for use.

Design and usage of the products should be in accordance with the appropriate safe practices and applicable codes and regulations.
